

NEW COMPACT DIE CART – AGAB Pressautomation

AGAB EMC 600–1000

A compact die cart for 2 dies. It works with smaller punch presses, automated presses as well as for plastic presses.

SPECIFICATIONS

Strong chassis with large wheels and with a safety brake. Docking against the press for secure transfer of the die.

Max die weight: 600–1000 kg

Height adjustment: Electro-hydraulic elevation 500 mm

Locking of die: Via spring-loaded and pneumatic stops

Transfer of die: With rollers
