

Die clamp MC4-10

MC4-10 is a complete die clamp with high clamping force and a long turn:

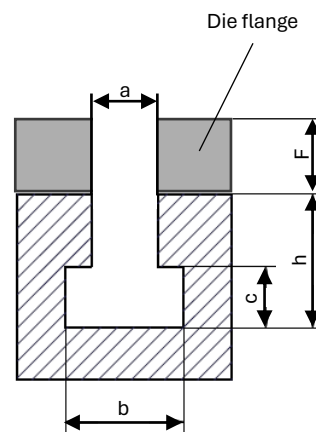

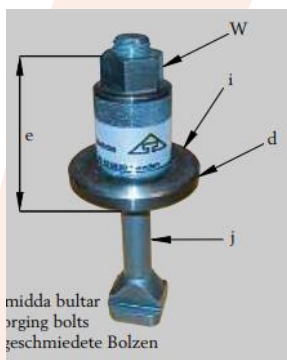

- Quick clamping time, 1 lap = 5 mm stroke
- Self locking and vibration tested
- Variable stroke adjustment 0-50 mm
- Easy to clamp, no long extension for clamping

MC4-10 consists of:

- Sleeve with nut for ratchet spanner.
- Internal right-hand thread for the bolt and left-hand thread for the clamping flange
- Clamping flange with external left-hand thread
- Bolt with external right-hand thread and sliding key for the clamping flange

TYPE	d Ø (mm)	e (mm)	i (mm)	j Ø (mm)	W (mm)
MC 4-18	40	51	8	16	24
MC 6-22	50	65	10	20	30
MC 8-28	90	82	12	24	36
MC 10-36	90	85	12	30	46

For inquiry or order

- Specify max. die weight (W)
- Specify die flange height (F)
- Measure your T-slot (a, b, c, h)

Roller type	T-slot (mm)	W (kgs)	a (mm)	b (mm)	c (mm)	F min (mm)	F max (mm)	h (mm)
